

TEERTHANKER MAHAVEER UNIVERSITY

COLLEGE OF PARAMEDICAL SCIENCES

Introducing

SANITATION & HYGIENE

(Certificate Course)

SESSION- 2022-23

About the Course

Proper hygiene is something learned over time and with personal commitment. This course is designed to: 1 present the rules of personal hygiene and the importance of adhering to safety rules and regulations. 2 Introduce the causes and prevention of food poisoning and to introduce the requirements of safety in the workplace. 3 Introduce local legislation relating to the food service industry.

This course will provide students with information on basic microbiology, safety, personal hygiene, general handling of food. Local legislation for the food service industry will be examined. The course will provide students with the opportunity to obtain international certification in this area.
